Spa Collection

Our traditional Poolside Spas are designed to sit flush with the deck giving you a relaxing spa at the edge of your pool. The Spillover Spa also sits flush with your deck at the edge of your pool with its water spilling over into your pool, making it both a relaxing spa and a cascading waterfall feature. Safety First

Your awareness and understanding of safety practices and rules pertaining to the use of your pool can reduce the risk of serious injury.

Read the **Pool & Hot Tub Alliance's** excellent brochure, *"The Sensible Way To Enjoy Your Inground Swimming Pool"*, to learn how to avoid swimming-related accidents.

For the continued enjoyment of your backyard swimming experience, please follow the following safety tips:

- Don't allow diving or jumping into your pool.
- Remember, alcohol consumption and swimming do not mix.
- Carefully supervise all the swimmers in your pool – especially small children. They're your responsibility!
- Always secure your pool from unsupervised and unauthorized use.
- Make sure signs, stickers, and labels are posted and clearly visible, and that rescue devices, such as life rings or ropes, are nearby.

Caution: The use of diving and sliding equipment can be hazardous. Imperial Pools, Inc. does not recommend the use of these appliances. If used, care should be exercised to use only equipment meeting the recommended safety codes established by the Pool & Hot Tub Alliance. Blue Anchor Pools™ are designed and intended for private residential use only.
