

EXTENDED EXPENSE & LABOR PROTECTION PLAN WITH ENHANCED PRODUCT WARRANTY

Liner Guard is a cooperative effort between participating dealers and The Vinyl Works®. This Protection Plan offers years of security to cover the possibility that your retail customers' Vinyl Works® liner needs replacing due to a warranty-covered defect.

The program allows you to sell this extra value to retail customers at a profit or simply include it in the contract price – helping to garner sales. It's protection for your company that you can pass on to retail customers. The choice is yours on how this plan works for you!

Simply by using extended labor and expense protection from you, plus an enhanced product warranty from The Vinyl Works® as incentive, we foresee success offering 'security' as an added feature to entice the consumer to do business with your company. This incentive will help separate Liner Guard protected companies from the competition both on new pool sales and replacement liner jobs.

With Liner Guard, you will be able to offer labor and expense protection for up to 5 years and an enhanced liner product warranty up to 20 years prorated with the first 5 years covered in full.
